## 1. BODY AND SOUL

When I play my kind of music  
I'm playing for your Body and Soul  
When I sing my kind of song  
I'm singing for your Body and Soul  
If you find yourself feeling happy  
Better come and dance my music now  
If you find yourselves in trouble  
You better come and dance your troubles away  
I say dance

When I play my kind of music  
I'm playing for your Body and Soul  
When I'm playing my kind of sound  
I'm playing for your Body and Soul  
If you find yourself feeling happy  
Better come dance to my music now  
If you find yourself in trouble  
You better come and dance your troubles away  
I say dance

### CHORUS:

Dance your troubles away  
You've got to dance your troubles away

Good dance  
Body and Soul  
You've got to make it up

## 2. ATOMIC BOMB

I want you realize, men  
The way I feel in me  
(How do you feel?)  
I want you realize, women  
The way I feel in me  
(How do you feel?)  
I'm gonna explode  
(You mean you gonna explode?)  
I'm gonna explode  
I'm gonna explode  
Like Atomic Bomb.

Girls: Atomic Bomb

## 3. GOOD NAME

Good name is better than silver and gold  
And no money, no money, no money, no money, no  
money can buy good name  
I have a good name; I have a good name

And no money, no money, no money, no money, no  
money can buy my name  
Do you have a good name; do you have a good name?  
Then no money, no money, no money, no money, no  
money should buy your name  
I mean what I am saying  
And no money, no money, no money, no money, no  
money can buy good name

Good name is better than silver and gold  
And no money, no money, no money, no money, no  
money can buy good name

I mean what I am saying  
That no money, no money, no money, no money, no  
money can buy good name  
Good name is better than silver and gold  
And no money, no money, no money, no money, no  
money can buy good name  
Do you have your conscience; do you have your con-  
science?  
Then no money, no money, no money, no money, no  
money should buy your name  
I have my conscience; I have my conscience.

And no money, no money, no money, no  
money, no money can buy my name  
Good name is better than silver and gold  
And no money, no money, no money, no  
money, no money can buy good name

Good name is better than silver and gold  
And no money, no money, no money, no  
money, no money can buy good name  
I have a good name; I have a good name  
And no money, no money, no money, no  
money, no money can buy my name  
Do you have a good name, do you have a  
good name?  
Then no money, no money should buy your name  
I mean what I am saying  
That no money, no money, no money, no  
money, no money can buy good name  
Don't sell your conscience; don't sell your  
conscience

As no money, no money, no money, no money, no  
money can buy good name  
Good name is better than silver and gold  
And no money, no money, no money, no  
money, no money can buy good name

C'mon

Good name is better than silver and gold  
And no money, no money, no money, no  
money, no money can buy good name

#### **5. WHY GO TO WAR**

Why go to war, why not find peace?  
In this world  
All blacks and whites all over the world, I'm asking  
All blacks and whites all over the world answer me  
Why go to war when you know there should be peace  
Why go to war when you know you need peace  
You just want another guy to stop a bullet for you  
But you'll never, never want to stop a bullet for another  
guy  
Why go to war, why not find peace  
All blacks and whites all over the world, I'm calling on  
you  
Leaders, All nations, Super Powers  
Tell me..... why you like to go to war  
Every time war

For another guy

## 7. HEAVEN AND HELL

When I get to my God in heaven  
I will tell him how you treated me  
You people of the world  
I will tell him how you treated me  
If you treat me with love and kindness  
I will tell him to send you up to heaven  
Heaven, the best place for comfort  
When you see a good thing in this world  
And you try to change it to bad  
When you see a white thing in this world  
And you try to say he's black

If you treat me the way you treated Jesus  
I will beg God to send you off to hell  
Hell, will suffer you forever

## 10\*. WHEN THE GOING IS SMOOTH & GOOD

When the going is smooth and good  
Many, many people will be your friends  
When the going is smooth and good  
Many, many people will be your friends  
But when the going becomes tough,  
Many, many of them will run away.  
When the going is smooth and good  
Many, many people will be your friends

But when the going becomes tough  
Many, many of them will run away  
When the going becomes tough  
Many, many of them will disappear

That's bad, very very bad

And that is what I mean  
And that's what I'm saying  
When the going is good

Most of them will disappear  
And may never come back  
When they come back, They have come back  
To help in knocking you down down down

They will say they love you  
They will say they need you  
They will say you're great  
And so on and so forth

No one knows tomorrow  
Tomorrow, no one knows tomorrow  
Anything you want to do, do it well, for no one knows

Anytime you want to work, work hard, for no one

You are born to live and die, you're not gonna change it  
I'm born to live and die, I'm not gonna change it

As you know, you must die  
Why (do it?), why cheat your fellow man?  
You should try, to be good  
Until the day you die  
As you know, you must die  
Why (do it?), why kill your fellow man?  
You should try, to be good  
Until the day you die  
Try and try, to be good  
Until the day you die  
Try and try, to be good  
Until the day you die

## **This Kind of World**

### **(Not on the record)**

Have you ever seen this kind of world?  
I have never seen one myself  
Have you ever seen this kind of world?  
No, my dear, I have never seen one  
Where many people are suffering  
Where many things are going wrong  
I have never seen this kind of world  
Have you ever seen this kind of world?  
I have never seen one myself  
Have you ever seen this kind of world?  
No, my dear, I have never seen one  
Where people hate each other  
Where nations hate each other  
I have never seen this kind of world  
I have never seen a place  
Like this world we live in  
Where man is an enemy to man  
And nothing moves according to plan  
Many things are going wrong  
And many people are dying  
Many more are suffering  
And many people are crying  
Many more are hungry  
People hate each other  
Nations hate each other  
Some of them are fighting themselves  
And many people are dying  
Nuclear War is imminent  
America should help the world

Russia should help the world  
Britain should help the world  
China should help the world  
Africa should help the world  
Israel  
Germany  
Canada

This is a wonderful world  
Where any things are going wrong  
Where many people are suffering  
Have you ever seen this kind of world?

I have never seen one myself  
Have you ever seen this kind of world?  
No, my dear, I have never seen one  
Where many people are suffering  
Where many things are going wrong  
Have you ever seen this kind of world?  
I have never seen one myself  
Have you ever seen this kind of world?  
No, my dear, I have never seen one  
Where many people are crying  
Where many more are suffering.
